

# **Klickitat Tour**

## **Saturday, May 25th**

Weather permitting we will take a scenic tour of the Klickitat river valley and its surrounds.

We will DEPART from Washougal Waterfront Park at 9:30. To get to the park take exit 14 off of Hwy14. At the first round-about, stay on the frontage road past the Ford dealership. At the second round-about, turn right. Use the Holiday Inn as a landmark. We will assemble in a large parking lot adjacent to the park.

Arrangements have been made at the community center in BZ Corners to use their facility and grounds for a picnic lunch. Bring your own grub. It is right across the street from the now closed Logs Tavern. As the center is dependent on donations, please be generous with some cash. At least \$5 per car or per person or more if you see fit. We may want to use the site again. They are providing clean restrooms and garbage cans. There is also a food bank there. Canned goods would be quite appropriate. Bring your own chair to sit on.

Written instructions will be handed out before lift-off from Washougal. This is not a very complicated tour. Scenic back country roads. Expect around 200 miles of total travel. Speeds will be brisk but not dangerous. If you are incapable or averse to doing the speed limit or maybe 5 to 10 over, you may want to see if the MG club is touring that day. See you on the 25th (dry weather dependent)
